

Mary Chirinos

Painter — Sacred geometry, mixed-media collage & figurative painting

marychirinos.com · contact@marychirinos.com · @marichfineart (Instagram) · Miami, Florida

ARTIST STATEMENT

My work focuses on the harmonic structure of the universe and its relationship with the evolution of humankind. Experimenting with images and the principles of Sacred Geometry, I seek mystical and metaphysical paths — trying to capture contemplation and meditation on the energy of cosmic space, to open mystical channels and to explore the spiritual world where philosophy and divinity merge; where the mind and the soul are seduced between “the sacred and the profane.”

EDUCATION

- 1993** **BA, Fine Arts & Architectural Design**
